

Loan Officer Program Overview

Research indicates that homebuyers are changing the way they search for a new home:

- Over 80% of homebuyers search and view Property Listings online
(ie: via Realtor MLS, Search Engines, Realtor.com, Broker Websites, etc...)
- Over 64% then search for Mortgage information on other sites (Google, Yahoo, E-Loan, Lending Tree, etc...)

RatePlug melds a Lender's live mortgage payment information with MLS Property Listing information so that homebuyers can view total housing payments specific to each property listing.

RatePlug Automated Marketing Program gives you:

1. Display of your contact information and mortgage products directly within the property listings your Agents send to their homebuyers through the MLS system!
2. Auto-email alerts notify you whenever your Agents list a new property, schedules an open house, or is listed as the selling Agent in a transaction through the MLS system!
3. Create co-branded property flyers with property info, pictures and your mortgage information in seconds!
4. Protection from new FTC MAP record keeping guidelines
5. Mortgage Planning software to send an interactive product comparison to both your purchase and refinance inquiries.
6. One low annual cost allows you to work with as many Agents as you want!
